Music & Movements: Tom Schmeling

Played in the key of C. My choice for this piece is Open guitar, but can be played in Standard.

Movements

If one had the luxury of two circles, I lead this in round, starting with the Melody and repeat then switching to the counter melody with repeat. To switch from the Melody to Counter I use a pick up note unfortunately not written in this music. On the repeat of the melody I reduce the last "Hu" in measure 8 to an 1/8 note and then use a pick up note -E- (half step lower than the F) and the lyric "AL-" (and then on to measure 1)

Note: This E note is written in measure 8 of the counter melody.
